

..create  
a visually  
**inspiring &  
professional  
environment**  
using glass  
manifestation  
& films

hello..

..we are  
**Space3**  
**Creative!**

We specialise in creating visually striking and inspiring glass manifestations that can transform your working environment, giving your business a strong visual identity and presenting a professional and progressive image to your clients and staff.

With over 15 years experience working within the sign, graphics and display industry, and with numerous architects and professional business clients, our qualified team can work with you to design, create and install the perfect glass manifestations or glass films for your business, tailored to you and your budget.

**'Design is not just what  
it looks like and feels like.  
Design is how it works.'**

*Steve Jobs*

# Glass manifestation

Here at Space3 we understand that presenting a professional image to potential clients is a key part of running a successful business.

Our many options for printing onto and cutting designs out of window films gives creative freedom when designing how your glass will look. Whether you want your logo, or images related to your company we can make it work.

- Perfect for offices / Glass partitions
- Creates privacy
- Provides safety
- Branding opportunity
- Looks professional

Design, print & installation service available

# Switchable Glass Film

Turn it on and off with one click!

Switchable film is manufactured with a self adhesive layer to one side making it easy to apply to glass. Simple ON / OFF mode switches the film from being clear (transparent) to frosted (translucent). In its frosted state, the film acts as an electronic blind providing privacy and removing distraction. It is ideal for using for security for any glass, partition or window.

- Perfect for offices / Glass partitions
- Creates privacy & security when needed
- Removes distraction
- Looks professional

Installation service available

# Solar Films

**Solar control films are designed to absorb and reflect sun energy. They can be used in any environment such as offices and homes where there might be a need to eliminate cold/hot spots and reduce UV filtration**

Solar window films are available in a range of grades, allowing various levels of UV through the film. We offer installation of the solar films or we can supply it for customers to arrange installation themselves.

- Reduces heat
- Reduces Glare
- Reduces UV filtration and fading of furniture
- Increases Energy Efficiency

Installation  
service available

# How Can We Help You?

With our wide range of products that can be tailored to suit your needs and budget, our experienced team can help transform your workspace into a professional, inspiring and people-focused environment whilst making your brands visual identity stronger.
